

The Crittenden Press

ISSUED WEEKLY.

R. C. WALKER, Publisher.

The Farmers Alliance is opposed to the Force bill.

Look out for the new railroad when the flowers bloom again.

The L & N railroad owns and controls near one-half of the railroad mileage in Kentucky.

The many failures of large banking houses in the east show the stringency in the money market.

Boston elected a Democratic Mayor by 10,000 majority. Last year the city went Republican by over 5,000.

In the November election the aggregate majorities of the Democratic Congressmen from Texas was 165,564.

The latest returns show that in the next Congress there will be 236 Democrats, 86 Republicans and 9 Farmers' Alliance. There is one vacancy.

There were once two large iron furnaces in this county. One near Tolu; and the other near Dycusburg. The day will come when we shall have like industries again.

The Kentucky Tobacco growers Association is in session at Louisville. Already \$98,000 have been subscribed to build a warehouse and this sum will be greatly augmented. They expect to have a warehouse ready for business in Louisville by January 1.

A bill authorizing the Secretary of the Treasury to issue legal tender notes meet any deficiency in the Treasury has been introduced by Mr. Bland. Cleveland \$100,000,000 of surplus has gone glimmering.

The Courier Journal's correspondent thinks the Constitutional Convention will not adjourn before April 1. This indicates slow work, but a high degree of perfection in the work of the convention is better than haste accompanied with poor and imperfect work.

Fill your homes with good literature, clean, bright books will entertain and instruct the youngsters. These long winter evenings call for these things. They will cultivate a taste for reading, and will learn the boys to love home and not to despise its cheerful fireside.

So deeply are the citizens of Marion interested in the mineral development of the county that about all the business houses and offices and in many private residences are fine specimens of iron, lead, zinc and spar. There are scores of local geologists, and the chief topic of conversation is minerals.

The Committee on Legislation, in the National Alliance, demands the abolition of national banks, the establishment of Sub-Treasuries, laws to prevent dealing in futures on agricultural and mechanical products, unlicensed coinage of silver, prohibition of alien ownership of land, reduction of the tariff, an income tax, and government control of transportation and communication.

Remember the poor. While you may be happy around your fireside, safely shielded from the biting winds of old winter, and know nothing of the pangs of hunger, there may be those in your neighborhood who are both cold and hungry. Help to alleviate the sufferings of humanity and He who healed the sick and opened the eyes of the blind will make a minute of your kind deed.

The growth of Marion has not been phenomenal, but like the youth who gathers strength with his years, and adds to the beauty of his statue each recurring season, so has our little city been lifting up her head and pushing to the front. Stand by your town and it will continue to prosper; patronize her merchants, lend a helping hand to her schools, talk for her industries, and bye and bye she'll get there.

Circuit Court.

The following cases were disposed of since our last report:

Cincinnati: Cooperage Co., vs J C Corn, verdict for the defendant.

On motion of the county and commonwealth to discontinue an allowance to Sidney Jones, pauper idiot, the court heard the proof and continued the allowance.

The case of the O. V. railroad vs A. A. Deboe was given to the jury Wednesday at noon, and no verdict has yet been reached.

In the case of R. H. Kemp vs J. M. Walker the verdict was for the defendant.

The grand jury has returned 27 indictments; 8 for breach of the peace, 5 for disturbing religious worship, 4 selling liquor without license, 2 injuring property, 2 assault and battery, 2 malicious cutting, 1 rape, 1 concealed weapons, 1 perjury.

(Written for the Crittenden Press.)
SOUTHERN ARIZONA

"Nemo" Visits the Land of Perpetual Sunshine and Tells the Readers of the Press All About It.

DEAR PRESS:—In accordance with a promise made many of my friends in Marion before leaving, I will dot you a few notes from this far-off "land of the cypress and myrtle."

As to the beauty, the fruitfulness and the health producing qualities of this "dome of sun," the half has not been told. I find here in Tucson (pronounced Too-son) a climate whose pure, dry atmosphere, equable temperature, sparkling waters and soft breezes are so soothing to the lungs, so quieting to the nervous system, yet so buoyant and invigorating as to make it the very paradise of invalids suffering from all pulmonary diseases or diseases of the throat and lungs. In fact southern Arizona is destined to become the Mecca to which all such suffering pilgrims will flock in countless numbers for relief.

So much for the health giving qualities of our climate. As to the agricultural, mining and other resources of southern Arizona, they are as yet but in their infancy, and the possibilities of this portion of the footstool in this respect are simply illimitable.

Mrs. Russell—whose health, as you well know, Mr. Editor, was my prime object in coming to Arizona—writes me that she has placed all of our business affairs in the hands of my friend P. S. Maxwell to attend to during our absence, and to-day I wrote a business letter to Mr. Maxwell, on the back of which you will find some most truthful and valuable information in regard to Tucson and southern Arizona. A few days ago I received a letter from Repton, making inquiries of our locality, a reply to which will appear in the Daily Star, of this place, next Tuesday morning. I will forward you a copy of the Star, and desire you to have the notice re-published in the Press, which I know you will do with pleasure.

And now a little about politics. You and I, my dear editor, have been intimately associated for a number of years. We have been fast friends and parted with mutual reluctance. If you will remember, the last request I made of you before leaving was to throw the influence of the Press in favor of Mr. Alford for Lieut. Governor. Our present delegate in Congress from this Territory is Hon. Mark A. Smith, a whole-souled Kentucky boy. At the recent election he was again returned to Congress by some 1500 majority, in spite of a large amount of boodle and certain other drawbacks. A few days ago I received a most cordial letter from Mr. Smith, welcoming me to Arizona, offering me his services in any respect, and in which letter occurs the following paragraph:

"M. C. Alford is an old school mate of mine. We used to pretend to love the same girl, and have shared with each other many of the sweets and sorrows of life. He is a noble gentleman."

This tribute to Mr. Alford is as deserved as it is affectionate and generous. I did think, Mr. Editor, when I got into this remote corner of the national domain, where the picturesque little Mexican jackass patiently toils under his load of sage roots; where the mesal-inspired Mexican peon booped and spurred like the hidalgos of old, floats through our streets in a cloud and alkali dust, on his fiery broncho; where the soft grooves sigh through the orange groves and the fig trees and the dole temple rears its majestic pile of mud; I did think, Mr. Editor, that here, at least, the political cauldron would cease to boil, and that all would be harmony, sweetness, divine love and the quietness of political bliss. But there's where I missed my calculations. I find here the same petty jealousies, the same petty prejudices, the same sneaking hypocrisy, the same "putting on of the livery of heaven to serve the devil in" that disgraces the older States, only here the disease breaks out in a milder form and clothes itself in more modest and seductive attire—doubtless the result of the more humanizing—christian influences thrown around this section by the Apache and Panago Indians.

As you are aware, I am in the Daily Star office at this place. L. G. Hughes Esq, the editor, is an old timer here; a man of brains, energy and vim, and withal a thorough gentleman. He has made the Star a power in the Territory by his fear less advocacy of that which he conceived to be the right in the teeth of all opposition. Such men are bound to succeed.

I will write you more at length in a week or two, when I become somewhat better posted as to the resources of the Territory.

Very truly,
G. M. RUSSELL.

Tucson, Arizona, Nov. 24.

Salem.

Mr James Rutter, of Hampton, was here Dec 5th. He has sold his store house, dry goods and dwelling to H C McCord & Bro. He is talking of moving here here; we hope he will.

It looks now like Hon S O Nunn was going to be deputy warden of the Eddyville penitentiary. Well we hope he will, for Sam ought to be rewarded for his faithful devotion to the Democratic party. For many years he has been truly sanctified in the principles of Democracy.

Like unto Uncle Hiley Gilbert, we say Amen to the utterance of Hon. John Young Brown as set forth in his able speech in Marion on December first.

Those farmers in Crittenden county who have been so fortunate as to sell their worn out, rocky hill sides for prices paid for silver and lead, should come to Livingston county and buy some good rich farming lands.

Dan Browning was here to see his father last week.

Next to Salem, Marion is the best town in the State, and the Building Loan Association is causing that town to bloom like a rose. Why should not Salem organize a Building Loan Association likewise and thereby boom the town. Where there is a will there is a way.

When you want to buy your Christmas presents go to the store of Felix Cox. He has a large and beautiful assortment of Christmas goods.

Henderson's John Young Brown is the best orator that walks on Kentucky ground.

By changing another mans words a little we have this poetry: When a political party fights and runs away.

It may live to fight another day, But when it is in battle slain, It will never live to fight again.

Newton Bigham was in Salem last week.

From the frequent visits Attorney Bob Moore makes in the Hampton neighborhood of late, there must be some special attractions for him there; more than legal business.

Eugene Weatherford was here last week. He says that since leaving Salem he has traveled over a great deal of the United States.

Hon John K Hendricks is so popular in his own county that his picture may be seen in a beautiful frame in nearly every household of the county.

Dr Jordan has a fast trotting horse that make his mile in less than 8 minutes.

Robert Boyd has made an addition to the rear of his store-house, a porch to the front, and has the post office conveniently and stylishly arranged.

Several of the boys got on a plain drunk on the 3d, and were guilty of disorderly conduct on the streets.

Jas. Wiggins has sued Will Cox for \$10,000 damages. Suit was instituted at the December term of the Livingston Court of Common Pleas. On the 6th a compromise was effected by the defendant paying the plaintiff \$100, and the cost of the action.

Mrs. J. O. Gray is visiting friends in Birdsville.

Farris & Gray will sell a man a suit of clothes so cheap that it foreshadow shiver with cold.

On the night of the 3d a man attempted to break in J. V. Hayden & Co's drugstore. Dr. H. was in the store and persuaded him to retreat in his order; he then succeeded in getting into Chas. Daniels' room, before he realized the situation, Mr. Daniels knocked him down and put him over the fence into the street. By this time he was cold and sighed for a bed, and in no wise discouraged he proceeded to the residence of Thos Evans; and, making his way in to the hall, and was taking in the situation and trying to locate a bed, when Tom arose from his dreams, and with his strong arm and big foot informed the nocturnal wanderer that he was in neither a hotel nor a private boarding house. He then then departed muttering,

"What is friendship but a name.

A charm that lulls to sleep.

A shade that follows wealth or fame.

And leaves the wretch to weep."

He then wandered to the school house, built him a fire, and was holding peaceful possession next morning when the school mistress went to open school. He disputed her right and said,

"I am lord of all I survey"

Mr. M. Grassham was called in to arbitrate the dispute. They then hero fled to the forest, leaving foot prints upon the sands of time, by which the grand jury will find him.

Try some of that new flour made by McClesney & Brown, since the improvements made in their mill, and you will complain to your wife no more about poor bread.

Mr. A. Browning died at his home in this place December 5, 1890, surrounded by his weeping family and many sorrowing friends. He died of stomachic disease. He was fifty five years old, and spent the greater part of his life here, serving as postmaster for many years. He was a kind and indulgent father, a true and devoted husband, a good neighbor and a dear friend. He was an honorable christian gentleman and

was not afraid to die. His told his friends even before he was confined to his bed, that he could not live much longer, but that he was prepared to die. What a blessed consolation to us to know that our friend died in the love of God. His life was measured in the Valley Mutual of Staunton Virginia, and the Methodist Aid Association of Louisville, Ky., for \$1,000 each. His sorrow stricken family have the sympathy of everybody in this community.

TOLE.

Clement has some christmas trees planted in his back yard.

Sol Lee and Tom Minner returned safe and sound from Cincinnati Sunday. They can be interviewed at home.

Te merchants are getting in their christmas "trix" and gorgeousness reigns supreme.

The F M B Aze meet every two weeks. Foster Threlkeld is Treasurer. A word to the wise is sufficient.

Mr. Walter Black, of the firm of Hammond & Black, millers met with a painful accident last week by allowing a "dog" to drop on his hand instead of the log.

A traveling aggregation consisting of four persons and an ancient looking bear held forth two nights at the City Hall. The crowds were scattering. The merchants of the town just filled the front bench and the applause therefrom was at times vociferous.

Charles Hardesty went goose hunting Saturday and came near shooting himself. A burnt scalp is about all the damage.

Mrs R A Moore has returned from an extended visit to Mr Moore's mother near Marion.

Jim Orr who is loading a stove boat at the landing, went to Caseyville Saturday night for a prescription. He returned Monday looking much better.

An infant child of Chas Dalton's died last week.

The cooperage company is loading a barge with staves at the landing.

Mrs P B Croft and Mrs Will Burnett went to Hardin county last week to attend a wedding.

Joe McReynold, alias "Hickory Joe," is here buying hickory timber.

Allah, be praised. A barge load of coal arrived here Saturday morning and in a trice was unloaded, and some people are happy.

James Buzz spent the Sabbath in and about Caseyville.

Jackson Milken has opened a barber shop in the Dr Carty building, and is prepared to lather and shave all who may come. A good fire always burning, drop in.

Hampton Notes.

Hampton, Ky., Dec 8.—H. C. McCord & Bro have purchased Jas. Rutters stock of goods, and united with him, and we now have but one dry goods store; but it is a large one, and the proprietors are nice clever gentlemen.

Mr J I Lawless has just opened a nice stock of groceries and will do a good business.

Our reliable blacksmith F. Hardy has employed John Threlkeld to do his woodwork, and the two make a pair that can't be downed.

Our doctor, C. E. Clayton has a growing practice, and is very much liked.

John Rutter is buying and shipping hogs, consequently he is growing rich rapidly.

Fred Hodge has made a success of farming this year. He sold \$300 worth of wheat, and raised about 1800 bushels of potatoes from which he realized \$1005.

Elisha Earles, of Carrsville, buried a five year old child Wednesday. He and his family have our deepest sympathy.

The Livingston county Teachers Institute will meet at the Academy on the 26th and 27th. The last one was well attended, and we hope the next one will be better.

Mr J M Davis and Eld Crowdon have purchased houses and are moving to Hampton for the benefit of the school.

Our school is progressing nicely. Mrs J N Robinson has a large and progressive class in music. Her success as a teacher of the art is winning the praise of all who know her.

England's Torpedo Repair Shop.

The Vulcan, new torpedo depot ship, was laid down at Portsmouth in June, 1888, and was intended to be completed some time next year. She is of 4,600 tons, 12,000 horse power, and designed for a maximum speed of twenty knots. Her armament is to consist of eight 4.7-inch and twelve three-pounder quick firing guns. She is also a floating factory for the repair of torpedoes, torpedo boats and their engines. It is impossible to exaggerate her usefulness to a squadron, and it was of extreme importance that she should be got out of hand with the least possible delay.

Now I am informed that the mountings and supports of her 4.7-inch guns are considered insufficient, that they are being strengthened, and that this involves the pulling up of decks and the pulling down of cabins at the cost of much time and money. Is it Mr. White and the constructors, or Elswick and the gunners, who are to blame for this latest bit of mismanagement?—London World.

A New Dish.

The best autumnal breakfast dish that has come to the cognizance of people who know what's what is described as a compound of lashed chicken, tender green peppers and small clams. The first impression on the senses is made by a savory, stimulating perfume, which is said to be calculated to convince the most jaded reveler that he was mistaken in the miserable supposition that he "couldn't eat anything." The second assault on his appetite is made through the eye, which gradually discerns that it isn't simply a chicken hash which invites, but a glorified medley of clams, peppers and lashed chicken. The third result of contact with this new plat is effected through the sense of touch, and taste alone does it justice. Its creator is George Boldt, who, in anticipation of taking charge of the new Astor house, has recently dispatched one of his young men all through Europe to gather ideas.

—New York Letter.

Self Winding Clocks.

A chain of synchronized self winding clocks being established here through the efforts of Henry Deaver, manager of the Western Union Telegraph company. The time pieces do not obtain their motive power from electrical action, thus being subject to hindrances resulting from circuit dependence on electrical currents, but instead gains the necessary force from the action of a fine spring, as does an ordinary clock. Two small cells of battery are placed in the top of the case, connected with a magnet secured to the center of the movement. As the center wheel, driven by the unwinding of the spring, advances, a lever is raised that unlocks the armature and allows it to spring back into position ready for winding. When the lever drops the circuit is instantly closed, the spring being wound by the pawl fastened to the armature.

The action of winding breaks the circuit when the winding is completed. The contacts are made so slight that the action of the battery is very slight, thus enabling it to perform the work of winding for over a year without renewal or alteration. Each clock is provided with a simple attachment by means of which its hands may be controlled automatically by electricity. To secure absolute uniformity of time throughout the city the clocks will be connected with a time wire just before 12 o'clock each day. During the brief period of connection the standard clock at Washington through the repeating lines takes possession of the wire, temporarily controlling all clocks in its circuit.—Springfield Republican.

The Wilderness Cure for Impaired Sight.

Edward Sturtevant, son of D. W. Sturtevant, of Albany, has been sojourning in the wilderness all summer near Old Valley Dolgo, north of Old Boonville. He lives in a shanty alone, save for occasional visitors who share his hospitality.

Mr. Sturtevant entered the woods last June, at the advice of his physicians, to seek restoration of impaired vision. The experiment has proved so advantageous and beneficial that Mr. Sturtevant proposes to remain there during the coming winter. He has sent home for his winter clothing to be forwarded to him.

Mr. Sturtevant is a machinist, and was employed in the Edison electric light machine works at Schenectady. In his sylvan retreat he whittles away the time in reading, fishing and hunting, and seems entirely content with his surroundings. The former vigor of his optic nerves is rapidly returning, and he has concluded to remain in the woods until a perfect cure is attained.—Amsterdam (N. Y.) Sentinel.

The Poultry Business.

The poultry business has increased wonderfully in this section since the railroad has been built, placing us within a few hours of several of the largest cities. Several car loads have been shipped out this fall, and buyers are plentiful, and consequently prices high compared to the figures paid only a few years ago. There is no farmer, however small and humble his agricultural proportions may be, who cannot raise chickens and turkeys for market; and as prices on tobacco, corn, etc., are very low, it certainly will pay to look after the raising of poultry. Little time and little expense are necessary for this, and it will certainly yield a good income. Try it.

Mule Buyers Wanted.

A prominent stock dealer whose business keeps him traveling over the country tells us that there are a great many mules for sale in Crittenden and Livingston counties, and no buyer has been in this section this fall. The farmers need the money more than they need the surplus mules.

The Louisville Market.

Our comments on the tobacco market in last week's issue will very nearly fit the market this week. With the exception of a slight easement in bright types on Wednesday the market has been strong and regular all along the line. And even on Wednesday the depression was so slight that there was some difference of opinion as to whether it really existed or not. The extreme scarcity of good and fine Burley is having a tendency to strengthen some of the lower grades, and there is a strong disposition among buyers to take the "next best" and the grade of that next best is getting lower every week.

There is very little change in the dark tobacco. This type is selling low, but is fairly steady, strong and regular in all quotations. New crop is coming in very slowly. Probably not over 140 hogheads have yet been received in this market. Up to this date last year there was near a thousand hogheads received.—Farmers Home Journal.

NOTICE.

In reply to a notice given to the public in the last issue of this paper by Miss Susie James, relative to the teachers under whom she has taken music lessons. I will say that Miss Susie states that she understands that I have been telling that she is one of my music pupils, and that I taught her all she knows in music. Now in correction of all this statement I will say (in my defense) that I have never intimated to any one that I taught Miss Susie James all she knows about music. This report is entirely without foundation, and was evidently circulated by some malicious person for the purpose of creating animosity between Miss Susie and myself.

Now in conclusion I will state that while I was teaching a class in Shady Grove, Ky., some of my pupils remarked: "you taught Miss Susie James did you not, she plays a great many of your pieces." To this I replied that I had never given her formal lessons in music, but supplied her with several song books to which (by my assistance) she had learned to play, accompaniments, while I was teaching a class in music at the residence of Mr. C. Woodall, of Marion, Ky. Doubtless Miss Susie remembers this very distinctly. Trusting that this explanation will be satisfactory to all concerned, I will conclude.

Respectfully,
E. Hibbs.

Captain Hocke Smith; Geo. Stewart and Will Hockersmith returned last Saturday night from Marion, where they have been for the past two months building up the burned town. They speak in the highest terms of the people of that place. They are all good workmen and still better they are all good citizens.—Madisonville Hustler.

W. B. Wilborn, of Fords Ferry, was in town last week. He has great faith in the future of Fords Ferry, believing that when he P. M. & O. R. road is built it will cross the Ohio at that point. "Then," says he, "there is unquestionably coal under the hills not far from our place."

Mr. R. C. Lucas grew a fat this year that weighed ten pounds. It was one foot and four inches long, and two feet in circumference.

Charlie Fox and Jim Goodloe have the contract for entering the bank building.

Patronize the Marion Academy. It is a fine school in all particulars.

The grand jury is still sitting down on the law breaker.

Snow Sunday night, 6 of the season.

Don't mistake a beafelt hat for a wool-felt hat. Mr. King has both, and will sell the wool \$1.00 and the beaver for \$1.50.

Double width plaid dannels reduced from 35c to 25c Wolff's.

HELD FOR MANSLAUGHTER.

But Indicted for Breaking the Peace. John Adams in Jail

Last Friday John Adams, a citizen of the Needmore neighborhood, was arrested by Sheriff Dickens on a warrant sworn out by E. S. Sullivan, a neighbor of Adams, and in it he is charged with manslaughter. The warrant states that John Adams did on the 26th day of Nov. 1890, beat, bruise, knock down, stamp and kick his wife Ella Adams, so that she died from the effects of said treatment by her husband; she died three days after. The wife was at the time in a delicate condition, and gave birth prematurely, so the warrant alleges. The accused was taken before County Judge Moore, and his bond was fixed at \$10,000; failing to give bond he was committed to jail to answer any indictment that the grand jury, which is now in session, may find.

The Grand Jury, after an investigation, indicted Adams for a breach of the peace. No evidence could be obtained to show that he beat his wife. We learn that one or two small bruises were found on her body, but it could not be shown who inflicted them nor could it be proved that death resulted from these.

HIS LIFE CUT OFF.

Geo. Lockridge, of Webster County Falls from a Wagon and Expires.

(Henderson Journal.)

Geo. Lockridge, of Carroll, Webster county, fell from a wagon near the mill at Pool Town Tuesday afternoon about 4 o'clock and died four hours later from injuries received. He had been to Henderson during the day and returning with two companions—all occupying one seat—stopped at the mill at Pool Town. Soon after leaving the mill and while they were going down a steep hill, he fell from the wagon in such a manner that the wheels ran over him driving the ribs on side of his body into the lungs. His companions did not notice his absence (though sitting on the same seat) until after the wagon had gone a hundred yards further. They then turned back and finding him in a dying condition, procured medical attention for the sufferer who died at 8 o'clock the same evening.

The parties we understand had all been drinking, and indeed it stands to reason that they had, when in broad day light they went a hundred yards without missing their companion. The doctor who was summoned said that Lockridge would have died instantly but for reviving influence of stimulants he had taken.

Deeds Recorded.

W. R. Gibbs to J. M. McChesney, house and in Marion for \$890.

S. E. Hurley deed of gift, house near Crittenden Springs.

A. C. Clemens to N. A. Holland, interest in land.

E. H. Taylor to G. B. Taylor, 85 acres for \$1380.

J. A. Hodge to M. C. O'Hara, land for \$600.

W. P. Clemens to T. E. Sullenger, 167 acres for \$2300.

Married.

Jas. R. Canady and Miss Fannie B. Gahagen, at the residence of the brides mother, Tuesday Dec 9, 1890. Rev. B. F. McMan officiating.

Letter List.
